Introduction

- The agenda was reviewed and accepted.
- The notes from the June 8th meeting were reviewed and approved.

Open House

- The attendance was 19 for first presentation and 8 for the second.
- Materials and presentations were good.
- A complete job of advertising was done.
- There was a fair amount of media attention.
- Most media reports were well balanced although there were some inaccuracies.
- In terms of planning for the fall open house, Sheldon will consult with the CAC and share perspectives with Elliot, George and Dave B. prior to the next TAC teleconference (see action #178).

Selection of Qs and As for Website

- A question and answer related to lay definitions of "low risk" and "negligible risk" should be added to the list.
- George, Lawrence and James were asked to provide a response to Susan's e-mail of June 16th regarding Qs and As (see action #179).
- In addition to the list being managed by George (latest to be circulated today), MB Health has drafted a list for their website (Susan to circulate today).
- The two Q and A lists are to be used as references for committee members.
 - Committee members were asked to review the lists and identify which of the questions should be put up on the Flin Flon Soils Study website as FAQs (see action #180).
 - The identified FAQs will then be distributed to the CWG for comments on readability.
 - The list can then be posted on the website.

NEXT MEETING: **To be determined** (see action #181).
